PURE AND APPLIED CHEMISTRY**

**I****U****P****A****C****MISSION**

The International Union of Pure and Applied Chemistry is the global organization that provides objective scientific expertise and develops the essential tools for the application and communication of chemical knowledge for the benefit of humankind and the world.

**I****U****P****A****C****MISSION**

The International Union of Pure and Applied Chemistry accomplishes its mission by

- Fostering sustainable development
- Providing a common language for chemistry
- Advocating the free exchange of scientific information

## CORE VALUES

- We serve humankind by advancing chemistry worldwide.
- Scientific excellence and objectivity are the cornerstones of all of our work.
- We value collaboration and communication among all our stakeholders.
- We strive for diversity and inclusiveness.
- We respect each other and the Union
- We uphold the highest standards of transparency, responsibility and ethical behavior.

# IUPAC's unique role in the world chemistry community

- A focus on those aspects of chemistry where global consensus is essential for progress in research, commerce and policy.
- Respect for its objectivity and scientific excellence, providing access to the highest levels in the scientific, industrial, and policy communities to represent global chemistry.
- A worldwide base of volunteers with the best skills and background, recruited by transparent and well-understood processes.
