

Thieme–IUPAC Prize in Synthetic Organic Chemistry

2018

Call for Nominations

Thieme Chemistry, IUPAC, and the Editors of SYNTHESIS, SYNLETT, SYNFACTS, and Science of Synthesis announce the Thieme–IUPAC Prize for 2018. This award is presented every two years on the occasion of the International Union of Pure and Applied Chemistry – International Conference on Organic Synthesis (IUPAC–ICOS). It includes an **award of €5000**.

General Principles

- The prize is awarded to a scientist who must be **under 40 years** of age as of January 1 of the year in which the prize is awarded.
- The candidate's research must have had a **major impact in synthetic organic chemistry**.
- The prize will be awarded on the basis of scientific merit for independent research dealing with synthesis in the broadest context of organic chemistry, including organometallic chemistry, medicinal and biological chemistry, designed molecules, and materials.

Prize Ceremony

The Thieme–IUPAC prize ceremony 2018 will be held at the **ICOS in Florence (Italy)** on September 16–21, 2018.

Deadline: December 9, 2017

Nomination materials should be submitted by e-mail to marcus.white@thieme.de

Previous Winners

The Thieme–IUPAC Prize has been awarded to Stuart L. Schreiber in 1992, Paul Knochel in 1994, Eric N. Jacobsen in 1996, Andrew G. Myers in 1998, Alois Fürstner in 2000, Erick M. Carreira in 2002, John F. Hartwig in 2004, David W. C. MacMillan in 2006, F. Dean Toste in 2008, Phil S. Baran in 2010, Melanie S. Sanford in 2012, Martin D. Burke in 2014 and Neil K. Garg in 2016.

Nomination

Proposals must be accompanied by a biographical sketch of the nominee, a list of the candidate's ten most significant publications, and a statement of how the candidate's research has had a major impact on the field of synthetic organic chemistry. The material will be confidentially forwarded to an independent selection committee.
