### Analytical Chemistry Division Committee Meeting at 49<sup>th</sup> IUPAC General Assembly - WTC Sheraton Hotel, Sao Paulo, Brazil, July 8<sup>th</sup> and 09<sup>th</sup>, 2017.

Most of members of Division V attended the 49<sup>th</sup> IUPAC General Assembly in São Paulo including Titular and Associate Members, National Representatives and also Young Observers. Meeting was a success and occurred in a fruitful and pleasant atmosphere with discussion of many topics of Division V concern during two days. IUPAC strategic plan was discussed and many suggestions were given by the participants. Members were also involved in other activities of 46<sup>th</sup> World Chemistry Congress and also the joint meeting with 40<sup>th</sup> Annual Meeting of the Brazilian Society of Chemistry (*40<sup>a</sup> Reunião Anual da Sociedade Brasileira de Química*).

During the Division V meeting, many aspects related to our division were discussed involving many activities of, e.g., committees and subcommittees, Orange Book project (Brynn Hybbert) and update on the IUPAC mole project (Zoltan Mester).
