IUPAC Committee on Chemistry & Industry
Safety Training Program

Safety Training Workshop
“Global Chemical Safety and Sustainability”
San Juan, Puerto Rico 1 August 2011

Session I

M. Cesa, Organizer, Presiding

10:30 Chemical Laboratory Safety Training System – EU project CHLASTS. I. W. Maciejowska, J. Wilamowski, G. Stopa

11:00 Laboratory safety at quality control scenario. M. I. Rivera

11:30 Responsible Care a process for chemists. B. West

12:00 Chemical Security Engagement Program. N. B. Jackson, R. Kottenstette, P. Ho, L. L. Stiles

Session II

M. Cesa, Organizer, Presiding

14:00 Process safety campaigns as a vital link in improving safety culture and performance at work. T. C. Gwaza

14:20 Building health, safety and environmental culture - Key to excellent HSE performance. G. A. Nyarko

14:40 Promoting HSE through IUPAC-UNESCO-UNIDO Safety Training Program. F. Benzo

15:00 Break.

15:20 Pathway of developing occupational health and safety management in Turkey. E. Toprak

15:40 Discussion.
