

Concise minutes of virtual meeting - some members of Commission I.1 and Task Group on Green Book Abridged.

October 30, 2020. 16:30-17:30 CET

Attendants: Jeremy Frey, Jürgen Stohner, Martin Quack, Roberto Marquardt

1. Abridged Version of the Green Book

The draft of the abridged version of the Green Book (GBav) was sent for revision to the Chair of Division I, Tim Wallington, on September 21, 2020. Roberto to draft update for Chemistry International.

2. Green Book 4th Edition

Contains all changes in GBav and new SI. Checking of chapters and sections assigned to Martin, Jürgen, Roberto, Jeremy, Franco Pavese, and Yutaka Kuroda.

3. Status of I.1

Role of I.1: checking what is new in terms of units, symbols and terminology in physical chemistry; promote and eventually contribute actively in new projects. Ron Weir needs to step back as Chair of I.1. Generally I.1 members nominate a Chair and forward to Division.

4. 5th Edition

Jeremy to chair Task Group. Project has officially started 01-01-2020. There will be new chapters.

5. Different matters

New version of 4 page booklet, with the new SI data, is close to conclusion (Martin and Jürgen). A further version following the style of the Japanese edition is drafted by Martin.
