

## Global Women's Breakfast: Bonding to Create Future Leaders

**Wednesday February 12, 2020**

You (men included) are invited to participate in the IUPAC 2020 Global Women's Breakfast (GWB2020). This global event will be held the day after the United Nations Day of Women and Girls in Science. The theme for GWB2020 is "Bonding to create future leaders" with a focus on leadership development. The overall purpose of GWB2020 is to establish an on-going virtual network where those in the chemical and related sciences can connect with each other in a meaningful way to support their professional aspirations.

**Where and when:** Fraser's Restaurant, Kings Park, 8.30 am to 10.30 am

**Cost:** \$35 student/post graduate RACI members, \$40 for other RACI members, \$50 for non-members.

**To register or for further information contact:** Please book at: ([Breakfast Registration](#)) or for further information contact Kathryn Linge (KLinge@chemcentre.wa.gov.au). Please advise dietary requirements (vegetarian, vegan, gluten or dairy free)

**RSVP by Tuesday February 5**

**GUEST SPEAKER:** Dr Rebecca Handcock is a geographer and data scientist at Curtin University, whose research ranges from remote sensing of agriculture and water to health and bibliometrics. Rebecca enjoys visualising patterns in data and communicating the stories they tell about people and the environment. In 2019, Rebecca took part in Homeward Bound, a leadership program for women in STEMM that culminated at the end of 2019 in the largest ever delegation of women to

Antarctica. Rebecca will talk about her experiences in this global leadership initiative, which aims to heighten the influence and impact of women in making decisions that shape our planet.
