

Global Women's Breakfast 12 February 2020

Theme: "Building Bonds to Create Future Leaders"
Location: Navet/SciLifeLab, Uppsala
Time: 08:15-10:00

Dear woman-identified chemists of Uppsala, we invite you to join the

IUPAC 2020 GLOBAL WOMEN'S BREAKFAST (#GWB2020)

The event will take place all over the world on the **12th of February** - one day after the International Day of Women and Girls in Science - and the purpose of the event is to establish an on-going network where women in the chemical sciences can connect with each other in a meaningful way to support their professional aspirations.

This year, the theme for GWB2020 is "**Building bonds to create future leaders**" with a focus on leadership development and we encourage woman-identified chemists from all levels of education to take part.

Everyone who registers for the event is welcome to enjoy **free breakfast** in a relaxed environment and during the breakfast Ulrika Yngve (researcher, SciLifeLab) and Eszter Borbas (senior lecturer, Uppsala University) will give short talks based on their experiences as chemists. The number of available spots is limited to 100 and the first 40 who register will receive a small gift, so make sure to register today!

For those who are interested, there will also be an opportunity to participate in a 45-min workout session specifically held for chemists prior to the breakfast, visit the registration form for a detailed agenda.

WHEN? 08:15-10:00, 12th of February*

WHERE? [Navet/SciLifeLab](#), Uppsala

**you are free to come/leave at any time but food will be available between these hours*

The **registration form can be found [here](#)** and in case of any questions, please contact Sofie Ye (sofie.ye@ilk.uu.se) or Anna Arkhypchuk (anna.arkhypchuk@kemi.uu.se).

The breakfast is supported by the Department of Chemistry - Ångström, Kemiska sällskapet i Uppsala, Thorlabs and SciLifeLab.
